**“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE
FINANCIAL STATEMENTS OF OVOBEL FOODS LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of **Ovobel Foods Limited** as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

4. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

5. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

6. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Explanatory paragraph

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act, the financial statements of the Company, which comprise the Balance Sheet as at March 31, 2016, and the related Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report even dated expressed an “unqualified opinion thereon”

Note 1**Summary of Significant Accounting Policies****1 Basis of preparation of financial statements**

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The Company is a Non- Small and Medium size Company ("Non-SMC") as defined in the General Instructions of the Rules in respect of Accounting Standards notified. Accordingly, the Company has complied with the accounting standards as applicable to a Non-Small and Medium size Company. All amounts are stated in Indian Rupees, except as otherwise specified.

2 Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

3 Change in accounting estimate for accounting of FPS (MEIS) Licence

During the year, the Company has changed the method of recognising Focus Product Scheme (FPS) from receipt basis to accrual basis as the Management is of the opinion that the Company is receiving most of the entitlement applied with Director General of Foreign Trade (DGFT) authorities. Accordingly, the Company is carrying forward FPS receivable balance of Rs. 365 lakhs and contending that the amount will be recoverable and there is no doubtful receivable amount as at year-end.

4 Tangible and Intangible Fixed Assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. The Company capitalises all costs relating to the acquisition and installation of fixed assets.

Till the year ended 31 March 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in the changes related to depreciation of fixed assets. Unless stated otherwise, the impact mentioned for the previous year is likely to hold good for future years also.

Intangible assets are amortized over a period of 3 years.

Till year ended 31 March 2014, to comply with the requirements of Schedule XIV to the Companies Act, 1956, the company was charging 100% depreciation on assets costing less than 5,000/- in the year of purchase. However, Schedule II to the Companies Act 2013, applicable from the current year, does not recognize such practice. Hence, to comply with the requirement of Schedule II to the Companies Act, 2013, the company has changed its accounting policy for depreciations of assets costing less than 5,000/-. As per the revised policy, the company is depreciating such assets over their useful life as assessed by the management. The management has decided to apply the revised accounting policy prospectively from accounting periods commencing on or after 1 April 2014.

The change in accounting for depreciation of assets costing less than 5,000/- did not have any material impact on financial statements of the company for the previous year.

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the Company measures its 'value in use' on the basis of undiscounted cash flows of next five years projections estimated based on current prices.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Assets under installation or under construction and the related advances as at the Balance Sheet date are shown as Capital Work in Progress.

5 Inventories

Inventories comprising of raw materials, finished goods and goods in transit are valued at cost or net realisable value whichever is less. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

6 Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are valued at the lower of cost and fair value. Changes in the carrying amount of current investments are recognized in the Statement of Profit and Loss. Long-term investments are valued at cost, less any provision for diminution, other than temporary, in the value of such investments; decline, if any, is charged to the Statement of Profit and Loss. Cost comprises cost of acquisition and related expenses such as brokerage and stamp duties.
