8. "In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022, General Circular No. 10/2022 dated 28.12.2022, General Circular No. 09/2023 dated 25.09.2023, General Circular No. 09/2024 dated 19.09.2024, and after due examination, it has been decided to allow companies to conduct their AGMs and EGMs through VC or OAVM till further orders, in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020, vide General Circular No. 03/2025 dated 22.09.2025."

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDLe-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 10.00 A.M. Friday, 25 September 2026 and ends at 5.00 P.M. (IST) on Sunday, 27 September 2026. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Monday, 21 September 2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository**

The Board of Directors of the Company, based on the recommendation of the Nomination and Remuneration Committee ("NRC"), at its meeting held on 10 August 2026, appointed Mr. Mysore Narayana Sreedhara (DIN: 11869512) as an Additional Director (Non-Executive & Independent) of the Company with effect from 10 August 2026, pursuant to Section 161(1) of the Companies Act, 2013 ("Act"), subject to approval of the Members of the Company.

In terms of Section 161(1) of the Act, Mr. Sreedhara holds office as an Additional Director up to the date of the ensuing General Meeting and is eligible for appointment as a Director. The Company has received a notice in writing under Section 160 of the Act from a Member proposing the candidature of Mr. Mysore Narayana Sreedhara for the office of Director.

Based on the recommendation of the NRC and subject to the approval of the Members, it is proposed to appoint Mr. Mysore Narayana Sreedhara as an Independent Director of the Company, not liable to retire by rotation, for a term of five (5) consecutive years commencing from 10 August 2026 and ending on 9 August 2031, in accordance with the provisions of Section 149 read with Schedule IV to the Act and the applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations").

The Company has received the requisite consent, disclosures and declarations from Mr. Mysore Narayana Sreedhara, including his consent to act as a Director in Form DIR-2, declaration in Form DIR-8, disclosure of interest in Form MBP-1 and declaration of independence pursuant to Section 149(7) of the Act and the applicable provisions of the SEBI LODR Regulations.

Mr. Sreedhara has submitted a declaration confirming that he meets the criteria of independence prescribed under Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI LODR Regulations. In terms of Regulation 25(8) of the SEBI LODR Regulations, Mr. Sreedhara has confirmed that he is not

aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties with an objective and independent judgment.

Mr. Sreedhara has also confirmed that he is not disqualified from being appointed as a Director under Section 164 of the Act and that he has not been debarred or restrained from acting as a Director by the Securities and Exchange Board of India ("SEBI"), Ministry of Corporate Affairs, any stock exchange or any other statutory or regulatory authority.

Mr. Sreedhara has registered himself with the Independent Directors Databank maintained by the Indian Institute of Corporate Affairs ("IICA"), in accordance with the applicable provisions of Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014.

In the opinion of the Board, Mr. Sreedhara fulfils the conditions specified under the Act read with the rules made thereunder and the applicable provisions of the SEBI LODR Regulations for his appointment as an Independent Non-Executive Director of the Company and is independent of the management.

The terms and conditions of appointment of Independent Directors are available on the website of the Company at www.ovobelfoods.com.

Mr. Mysore Narayana Sreedhara has extensive professional experience in the field of taxation and financial laws. He completed CA Inter in the year 1988 and commenced practice as a Tax Practitioner in 1989. In the initial years of his career, he primarily focused on matters relating to the Sales Tax Act, subsequently expanding his practice to Value Added Tax (VAT), and presently Goods and Services Tax (GST). He has also been practicing under the Income Tax Act for the past 38 years and possesses significant experience in taxation, compliance and advisory matters.

Based on his qualifications, experience, knowledge and expertise, the Board is of the opinion that Mr. Sreedhara possesses the requisite skills and capabilities required for the role of an Independent Director and that his association with the Company would be beneficial to the Company. The Board is also of the opinion that he fulfils the conditions specified in the Act and the rules made thereunder and the applicable provisions of the SEBI LODR Regulations for appointment as an Independent Director and that he is independent of the management of the Company.

In compliance with the provisions of Section 149 read with Schedule IV to the Act, Regulation 17, Regulation 25(2A) and other applicable provisions of the SEBI LODR Regulations, the appointment of Mr. Mysore Narayana Sreedhara as an Independent Director for five (5) consecutive years commencing from 10 August 2026 and ending on 9 August 2031 is placed before the Members for their approval by way of a Special Resolution.

Mr. Sreedhara shall be entitled to sitting fees and reimbursement of expenses for attending meetings of the Board and Committees thereof, in accordance with applicable law and the Company's policy.

Except Mr. Mysore Narayana Sreedhara, none of the other Directors, Key Managerial Personnel ("KMP") of the Company or their respective relatives is concerned or interested, financially or otherwise, in the proposed resolution.

The Board recommends the resolution set out at Item No. 4 of the accompanying Notice for approval of the Members by way of a Special Resolution.

Item No.5

TO CONSIDER APPROVAL FOR RELATED PARTY TRANSACTIONS – TRANSACTION WITH ASHRAY FARMS

Ashray Farms has been engaged in the poultry business since 1965 and is one of the Company's long-standing suppliers, having supplied eggs to the Company for over 28 years. Ashray Farms supplies eggs, which are a key raw material for the Company's production process. The Company also sells crushed egg shell powder in limited quantities to Ashray Farms. Mr. M. P. Satish Babu, Non-Executive Promoter Director of the Company, is the proprietor of Ashray Farms. Mr. Mysore Satish Sharad, Managing Director, and Mrs. Sukanya Satish, Non-Executive Promoter Director, are also interested in the proposed transactions by virtue of their relationship with Mr. M. P. Satish Babu.

In accordance with Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the omnibus approval for material related party transactions obtained at an Annual General Meeting is valid until the date of the next Annual General Meeting, subject to the applicable statutory timeline. Accordingly, the Company proposes to obtain fresh approval of the shareholders for entering into transactions with Ashray Farms for an amount up to ₹300.00 Crores for the relevant approval period.

Thus, as per Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, approval of the members by way of an Ordinary Resolution is required for material Related Party Transactions. A transaction shall be considered material if the transaction(s) to be entered into individually or taken together with previous transaction(s) during a financial year exceed ₹1,000 crore or 10% of the annual consolidated turnover of the Company as per the last audited financial statements, whichever is lower. The transactions between the Company and Ashray Farms are expected to exceed the applicable threshold prescribed under the SEBI Listing Regulations during the current financial year, and the Company expects significant growth in its business volumes. The proposed transactions have been considered and approved by the Audit Committee, and the Board of Directors has recommended the proposed resolution for approval by the members at their respective meeting held on 27 May 2026. All such transactions are and shall continue to be undertaken on an arm's length basis and in the ordinary course of business.

The following information is provided in respect of the proposed Related Party Transaction with Ashray Farms in accordance with the applicable provisions of the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the applicable SEBI Industry Standards on minimum information to be provided for approval of Related Party Transactions.

Item No 6

TO CONSIDER APPROVAL FOR RELATED PARTY TRANSACTIONS – LEASE OF LAND AND FARM FACILITY FROM MRS. SUKANYA SATISH & MR. SATISH BABU PADMANABHA SHETTY

The Company's egg powder processing business is dependent on the consistent availability of good quality eggs as its primary raw material. The Company presently procures eggs only from approved farms; however, as the production of eggs is undertaken by independent external farms, the Company has limited direct control over farm-level practices, including flock health management, use of veterinary medicines and adherence to prescribed withdrawal periods. Poultry farms may, as part of disease prevention and treatment, use veterinary medicines, and any variation in such practices or non-adherence to prescribed withdrawal periods may affect the quality and suitability of eggs for processing and increase the Company's exposure to food safety, regulatory and customer-related risks, particularly in markets having stringent requirements relating to veterinary drug residues, quality and traceability. Accordingly, greater control and traceability at the source of egg production is considered important for ensuring consistent quality and reliability of the Company's key raw material.

In view of the above and with the objective of ensuring a consistent, reliable and traceable supply of quality eggs for its processing operations, the Company is proposing to pursue an integrated sourcing strategy through the acquisition of suitable existing poultry farm(s) and the establishment of its own poultry farm(s). Such backward integration would enable the Company to exercise greater control over egg production, flock health, feed and farm management practices, use of veterinary medicines, prescribed withdrawal periods and biosecurity protocols. The proposed strategy is expected to reduce dependence on the open market and intermediaries, improve traceability and consistency in the

quality and availability of eggs, provide greater stability in procurement and production planning and strengthen the Company's overall quality assurance and supply chain management framework.

Thus it is proposed to obtain on lease for a period of 19 years the piece and parcel of land admeasuring about 30 acres, 39.75 guntas, situated, lying and being at Survey nos. 324, 325/1, 325/2, 325/3, 325/4, 326/1, 326/ 3,326/ 4,326/ 5,326/ 7,327, 328/1, 328/2, 329/5,330/ 3,331/ 2,331/3,332/1 Thumbala village, Kasaba Hobli, T Narasipura Taluk, Mysore District, Pincode 571 110 in the State of Karnataka. This land and its farm have an existing Total Layer Capacity of 142,500 hens which can meet 10% of our total egg requirement currently with space enough to set up additional sheds so as to increase the production to meet up to 60% of our total egg requirement.

The Company is targeting to meet approximately 60% of its current egg requirement through captive production within the next 18 months. This is expected to enable the Company to procure a substantial portion of its egg requirement at or closer to the cost of production, rather than being dependent on prevailing market prices, thereby providing greater cost stability and supporting improved control over the quality and availability of eggs required for its egg powder processing operations.

The land and facility is owned by Mrs. Sukanya Satish and Mr. M. P. Satish Babu, Directors and Promoters of the Company. The proposed lease of the facility will provide the Company with immediate operational access to the existing layer farm infrastructure and enable greater control over the production and quality of eggs. The facility also has scope for further expansion of layer capacity, which would support the Company's objective of progressively increasing its captive egg production and achieving greater self-sufficiency in its raw material requirements.

Further, the facility is well connected by road and other modes of transport and is conveniently accessible from the Company's proposed upcoming poultry farms and feed mills, facilitating smooth movement of raw materials and finished inputs and helping to optimise inter-unit transportation costs. The land is agricultural land with an existing poultry farm facility, and the necessary approvals and clearances for the existing operations have already been obtained, which is expected to facilitate a smoother transition of operations to the Company, subject to applicable regulatory requirements.

Once acquired on lease, the entire facility will be maintained by the Company and all overhead expenses of running the facility will be borne by Ovobel Foods Limited.

As per Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, approval of the members by way of Ordinary Resolution is required for material related party transactions (i.e. transactions exceeding 10% of the turnover of the Company as per the latest audited financial statements or Rs. 1000 crore, whichever is lower). Transactions between your Company and Mrs. Sukanya Satish and Mr. M. P. Satish Babu may exceed the threshold limit of the SEBI Listing Regulations during the current financial year. The said transaction has been considered and approved by the Audit Committee and the Board of Directors at their respective meetings held on 31 August 2026 of the Company. This transaction is proposed to be carried on at arm's length basis for a period of 19 years.

The following information is provided in respect of the proposed Related Party Transaction with Ashray Farms in accordance with the applicable provisions of the Companies Act, 2013, the SEBI

The proposed Related Party Transaction is in the ordinary course of business and shall be undertaken on an arm's length basis. The Audit Committee has approved the proposed transaction and the Board of Directors has recommended the proposed resolution for approval by the members of the Company.

None of the Directors, Key Managerial Personnel of the Company or their respective relatives, except Mr. Mysore Satish Sharad, Mr. M. P. Satish Babu and Mrs. Sukanya Satish, are concerned or interested, financially or otherwise, in the proposed resolution, except to the extent of their respective directorship, shareholding and/or relationship with the Related Party, as applicable.
The Related Parties shall not vote to approve the proposed resolution.

The Board of Directors recommends the Ordinary Resolution set out at Item No. 6 for approval by the members.

Item No. 7

TO CONSIDER APPROVAL FOR RELATED PARTY TRANSACTIONS – LEASE OF LAND AND FACILITY FROM MR. SATISH BABU PADMANABHA SHETTY

The Company is likewise proposing to acquire a piece of land together with an operational feed mill facility having a fully automated feed production capacity of approximately 14 tons per hour, located about 10 km from the proposed layer farm facility referred to above. The facility is equipped with substantial supporting infrastructure, including a 30,000 sq. ft. main godown, a 7,500 sq. ft. secondary godown, multi-bin auto-batching feed machinery, finished feed storage silos with a capacity of approximately 200 tons, a maize drying system with a capacity of 40 tons per batch, and supporting infrastructure comprising office, laboratory, manager's accommodation/guesthouse and workers' quarters. The feed mill is presently operational and has the requisite permissions and approvals for its existing operations.

The proposed acquisition will support the Company's planned entry and expansion into layer farming, including the proposed acquisition of the layer farm facility referred to above, as well as any further poultry farm operations proposed to be established by the Company. The facility will enable the

Company to manufacture a substantial portion of the feed required for its proposed layer operations in-house, providing greater control over the availability, quality and formulation of feed and reducing dependence on external suppliers. Its proximity to the proposed layer farm will further facilitate efficient and timely movement of feed and help optimise inter-unit transportation costs.

The land and facility is owned by Mr. M. P. Satish Babu, Director and Promoter of the Company. The acquisition of the operational feed mill, together with the proposed layer farm facilities, will form an important part of the Company's backward integration strategy and is expected to strengthen its ability to establish a more integrated and controlled poultry and egg supply chain for its egg powder processing business.

Thus it is proposed to obtain on lease for a period of 19 years the piece and parcel of land admeasuring about 5 acres, 39.5 guntas, situated, lying and being at Survey nos. 163 (formerly Survey no. 20) Mysore - Bannur Main road, State Highway-33 Harohalli village, Varuna Hobli, Mysore Taluk, Mysore District, Pincode 570 010 in the State of Karnataka, with its existing Fully automated feedmill with a capacity of 14 tons/hour and other added infrastructure facilities fully described in the explanatory statement attached hereto, upon paying a refundable deposit of Rs. 3,34,04,611 (Rupees Three Crore Thirty Four Lakh Four Thousand Six Hundred Eleven only) and a monthly rent of Rs.4,01,667 (Rupees Four Lakh One Thousand Six Hundred Sixty Seven only) with 5% annual escalation.

Once acquired on lease, the entire facility will be maintained by the Company and all overhead expenses of running the facility will be borne by Ovobel Foods Limited.

As per Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, approval of the members by way of Ordinary Resolution is required for material related party transactions (i.e. transactions exceeding 10% of the turnover of the Company as per the latest audited financial statements or Rs. 1000 crore, whichever is lower). Transactions between your Company and Mr. M. P. Satish Babu may exceed the threshold limit of the SEBI Listing Regulations during the current financial year. The said transaction has been considered and approved by the Audit Committee and the Board of Directors at their respective meetings held on 31 August 2026 of the Company. This transaction is proposed to be carried on at arm's length basis for a period of 19 years.

The following information is provided in respect of the proposed Related Party Transaction with Ashray Farms in accordance with the applicable provisions of the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the applicable SEBI Industry Standards on minimum information to be provided for approval of Related Party Transactions.

State of the Company's Affairs and Future Outlook

The Company is actively engaged in egg processing and offers a comprehensive range of processed egg products. These include whole egg powder, egg yolk powder, egg white powder, and pasteurized frozen egg products. With an unwavering commitment to quality and a solid reputation in the international egg powder market, we are progressively expanding our clientele across Southeast Asia, Europe, and the Arab world.

Key Performance Highlights:

The Company has demonstrated strong financial performance over the past financial years, supported by robust revenue growth and a significant improvement in profitability.

- **Revenue Growth:**
Total revenue from operations stood at Rs. 26,987.85 Lakhs vis a vis Rs. 18,858.69 Lakhs in previous year, reflecting a 36% increase.
- **Profit After Tax:**
The total profit after tax for the period was Rs. 2,435.31 Lakhs, from Rs. 905.63 Lakhs in the previous year an increase of 168.91% year on year. This growth is primarily driven by growth in demand in the international market, as well as stability in raw material prices.

As part of its business expansion and market development strategy, the Company continued to strengthen its presence in both domestic and international markets through active participation in buyer-seller meets, trade fairs and exhibitions organised by various Export Promotion Councils, as well as international food expos held across Dubai, Europe and several Southeast Asian countries. These initiatives have contributed to the expansion of the Company's customer base, enhanced market visibility and strengthened its international presence. The Company's revenue growth during the year was primarily driven by higher sales volumes, sustained demand for egg products, improved capacity utilisation and sales growth in international markets. The Company also benefited from sourcing products from its Koppal unit, acquired in March 2024, which supported improved product availability and supply efficiency. Despite operating in an industry subject to fluctuations in raw material prices and input costs, the Company continued to demonstrate an improving ability to translate revenue growth into profitability, supported by operational discipline, effective cost management and strengthening business fundamentals.

The improvement in profitability was supported by improved operating leverage, more efficient raw material sourcing, better cost management, enhanced manufacturing efficiencies and energy cost savings arising from the installation of rooftop solar panels at the manufacturing facility.

Operational and Strategic Initiatives:

To enhance operational efficiency, the Company has undertaken several key initiatives, including:

- **Enhanced and Upgraded Production Facility:** Strengthened infrastructure, increased production capacity, improved capacity utilization to meet increasing demand and improve overall productivity.
- **Enhanced quality Control:** The advanced laboratory testing facilities implemented by the Company continue to support robust in-house quality control and testing processes, enabling timely monitoring of product quality and adherence to applicable quality standards.
- **Solar Energy Integration:** Introduction of solar energy for captive consumption, reducing dependency on conventional energy sources and enhancing sustainability. This has yielded good results to the Company as despite the fact that the Company saw a revenue growth of 36% and increase in total production, its power bill reduced by around 4.5%.

Future Outlook and Self-Sustainability Efforts:

The Company is working towards self-sufficiency by setting up its own source of raw materials. This strategic initiative is expected to reduce reliance on external suppliers, improve cost efficiency, and strengthen the Company's long-term financial stability.

Market Expansion and Global Presence:

The Company is committed to expanding its global market presence. We are currently in discussions with various agencies, departments, institutions, authorities, ministries, bureaus, and public entities to explore new business opportunities. Additionally, we are actively participating in global trade fairs, exhibitions, and buyer-seller meets to solidify our presence in the international market.

The Company remains well-positioned for future growth, supported by increasing demand for processed egg products, expanding domestic and export markets, and its focus on value-added offerings. The strong improvement in revenue and profitability during FY2025–26 reflects enhanced operational efficiency and better capacity utilisation. While the Company expects to maintain healthy medium-term growth through market expansion and operational improvements, the exceptional growth achieved during FY2025–26 may moderate in subsequent years. The Company's performance continues to be subject to risks arising from volatility in raw material prices, poultry industry conditions, export demand, foreign exchange fluctuations, competitive pressures, and geopolitical developments, which may impact its financial performance.

4. NATURE OF BUSINESS:

The Company is actively engaged in egg processing and offers a comprehensive range of processed egg products. These include whole egg powder, egg yolk powder, egg white powder, and pasteurized frozen egg products. There has been no change in the nature of business of the Company during the year under review. However, the Company is taking necessary steps to pursue backward integration, by setting up and running poultry farms, to ensure a stable and reliable supply of raw materials (eggs) for egg powder production. This will reduce dependency on external suppliers and will minimize risks associated with supply chain disruptions and can potentially reduce costs associated with purchasing eggs at market prices, providing a competitive advantage, especially during periods of price volatility in the egg market.

5. DETAILS OF MATERIAL CHANGES FROM THE END OF THE FINANCIAL YEAR:

There is no material changes in the operations of the Company from the end of the financial year till the date of this report.

6. PROMOTER SHAREHOLDING

As on 31 March 2026, the shareholding of the promoters including details of changes during the year were as follows:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

a. Industry structure and developments:

The Company operates in the niche segment of egg powder and frozen egg manufacturing and exports. Currently, only a limited number of players are active in this domain in India, providing the Company with a strategic advantage in a relatively specialized market.

The Company's sustainability strategy has been focussed on strengthening its presence in profitable and attractive market segments, supported by robust brand building and a strong manufacturing foundation. Leveraging its established brand value, the management continues to undertake various initiatives to ensure steady and sustainable growth.

In line with its growth strategy, the management has implemented an expansion plan through the establishment of a new unit. This expansion is strategically focused on enhancing production capacity and broadening the Company's product offerings. The new unit is designed to leverage advanced technology and optimized processes to meet the increasing demand in both domestic and international markets.

Through this initiative, the management anticipates improved operational efficiency, enhanced scalability, and greater agility in responding to evolving customer preferences and emerging market trends.

b. Opportunities:

On account of various corrective and strategic measures undertaken by the management, the Company's products are witnessing strong demand across both domestic and international markets. This distinct advantage is expected to translate into increased business opportunities and enhanced commercial value in the coming years.

In the current global environment, there is a renewed and growing emphasis on healthy living and nutritious food consumption. The Company recognizes this shift as a significant opportunity and is well-positioned to capitalize on the rising demand for high-quality, protein-rich egg-based products. Accordingly, the Company aims to further expand its customer base across both Indian and international markets.

In addition, the Company continues to actively explore entry into new geographies and untapped markets, supported by its strong product quality, established brand reputation, and expanding production capabilities. The management remains committed to innovation, product diversification, increasing production capacity, backward integration and strengthening distribution networks to sustain long-term growth and competitiveness.

c. Threats:

The egg powder industry in India faces multiple challenges, including volatility in raw material prices due to seasonal factors and disease outbreaks, as well as supply chain

disruptions impacting the availability of quality inputs. The industry is also exposed to risks arising from high export dependence, stringent international quality standards, and fluctuations in global demand and currency movements. Additionally, relatively low domestic consumption, high energy costs, and the need for continuous investment in technology and infrastructure pose constraints on growth and profitability.

While international competition continues to pose challenges to the Company's future operations, your Directors remain confident in effectively addressing such pressures by leveraging their experience, domain expertise, and strategic capabilities.

The Company's performance is also influenced by market fluctuations arising from macroeconomic factors such as inflation, currency volatility, and overall economic conditions. These factors have a direct impact on production costs and overheads, thereby affecting pricing dynamics in the egg powder market.

In order to mitigate these risks and enhance operational stability, the management has initiated a backward integration strategy through the establishment and ownership of poultry farms. This approach is aimed at ensuring a consistent and reliable supply of key raw materials, namely eggs, which are critical for production.

Backward integration is expected to significantly reduce dependence on external suppliers, minimize exposure to supply chain disruptions, and improve cost efficiencies. By exercising greater control over raw material sourcing, the Company can better manage input costs and maintain pricing competitiveness, particularly during periods of volatility in the egg market.

Further, this strategic move strengthens supply chain resilience, enhances quality control across the value chain, and supports the Company's long-term objective of sustainable and profitable growth.

d. Segment wise or product wise performance:

During the year under review, the Company continued to operate predominantly in the business of manufacture of standard egg powder. The other products included frozen egg and egg shell powder. The product wise revenue registered by the Company was as follows:

Product	Revenue IN Rs. Lakhs	
	FY 2025-26	FY 2024-25
Egg Powder	24,905.77	18,241.82
Frozen Egg Products	747.87	607.93
Egg Shell Powder	21.37	8.94

e. Outlook:

The outlook for the egg and egg products industry remains dependent on various factors, including domestic and international demand, export opportunities, poultry production levels, feed costs, seasonal variations and fluctuations in the prices of raw eggs.

Egg prices are expected to remain unstable subject to periodic volatility due to changes in demand and supply conditions, seasonal factors and developments in export markets. Any disruption in exports may result in increased domestic availability and downward pressure on egg prices, while improvement in export demand and seasonal demand may support prices.

In this environment, the Company remains focused on operational efficiency, strengthening its presence in the egg-based products segment and developing value-added and specialised products. The Company's diversified product portfolio, including egg powder, frozen egg products and egg shell powder, is expected to support its ability to respond to changing market conditions and customer requirements. The Company will continue to monitor market developments and take appropriate measures to manage the impact of raw material price volatility and changing market conditions.

Further the Company has prioritized in improving its quality measures and has been successful in keeping its clients happy on the product quality front. The management looks to the future with optimism.

f. Risks and concerns:

- Recent reports in India relating to egg contamination were largely confined to isolated instances such as avian influenza outbreaks and unsubstantiated claims regarding antibiotic residues. While regulatory authorities have affirmed that eggs are safe for consumption, such developments highlight the need for stringent quality control, robust biosecurity protocols, and enhanced supply chain integration.
- Egg prices in India are inherently volatile and subject to seasonal variations, resulting in fluctuations in raw material costs and consequent impact on production margins.
- The industry continues to face increasing manpower costs, which may exert pressure on operational efficiency and profitability.
- A slowdown in global trade may adversely impact export demand and revenue realisation.
- Changes in trade policies, tariff structures, and international agreements could alter global trade dynamics and restrict market access for egg powder manufacturers.
- Disruptions in logistics and transportation infrastructure, including port congestion, geopolitical developments, or alterations in shipping routes, may impact the cost and efficiency of export operations.
- Geopolitical uncertainties, including tensions and conflicts in the Gulf region, may lead to volatility in fuel prices, disruption of key shipping routes, and escalation in freight costs, thereby affecting the Company's export operations and overall cost structure.
- A strengthening of the US Dollar is generally beneficial to the Company's export revenues, particularly given its status as an Export-Oriented Unit (EOU). However, it may also lead to an increase in the cost of capital expenditure, especially where imports of machinery, equipment, or other inputs are involved.

Notwithstanding the above, the Company has demonstrated resilience by retaining its customer base and improving returns through its continued focus on quality, operational efficiency, and customer satisfaction.

g. Internal control systems and their adequacy:

The Company has established adequate internal control systems commensurate with the current scale and nature of its operations, and the management remains committed to continuously strengthening these controls in line with evolving business requirements.

To mitigate potential risks, the management adopts a proactive approach by diversifying export markets, maintaining strong relationships with logistics partners, closely monitoring regulatory developments, enhancing supply chain flexibility, and implementing robust risk management frameworks to ensure operational resilience and business continuity.

h. Discussion on financial performance with respect to operational performance:

Your Company prepares its financial statements in compliance with the requirements of the Companies Act, 2013 and recognized accounting policies and practices, Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act. j. Details of significant changes in key financial ratios

The details of signification changes in key financial ratios are as follows:

Sl. No.	Ratio	As at 31 March 2025	As at 31 March 2026	Variance (%)	Explanation for Variance
i.	Debt Service Coverage Ratio	0.06	0.15	131.25%	The Debt Service Coverage Ratio increased by 131.25% during FY 2025-26 mainly due to improvement in earnings available for debt servicing and debt repayment obligations compared to the previous year.
ii.	Return on Equity Ratio	0.11	0.25	- 122.92%	In current year, the profits have increased due to higher gross profit margin compared to previous year and as a result the return on equity has also increased. Also, the average shareholders' equity has decreased due to lower profits in the previous year.
iii.	Return on Capital Employed	12.37%	25.68%	107.72%	The significant increase in ROCE was primarily driven by higher Earnings Before Interest and Taxes (EBIT) during the year, supported by improved operational performance and profitability, while the increase in capital employed remained comparatively moderate. This led to more efficient utilization of capital employed during FY 2025–26.
iv.	Net Profit Margin	4.80%	9.49%	97.52%	The Net Profit Margin increased by 97.52% during FY 2025–26 primarily due to higher profitability driven by an increase in sales and improved operational efficiency compared to the previous year.
v.	Return on Investment	41.44%	0.24%	-99.43%	The decrease in Return on Investment was primarily due to additional investments made during FY 2025–26.
vi.	Current Ratio	1.66	2.45	47.27%	Based on the maturity profile of the fixed deposits, the fixed deposits are classified as current assets in current year. Hence significant increase in the current year as compared to previous year.
vii.	Net Capital Turnover Ratio	7.45	3.35	-54.97%	The Net Capital Turnover Ratio reduced by 54.97% during FY 2025-26 primarily due to higher net sales and more efficient utilization of working capital. The reduction indicates improved operational efficiency and better management of current assets and current liabilities compared to the previous year.

INDEPENDENT AUDITOR'S REPORT

To the Members of Ovobel Foods Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Ovobel Foods Limited** ("the Company"), which comprise the balance sheet as at March 31, 2026, statement of profit and loss (including other comprehensive income), the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr No	Key Audit Matter	How our audit addressed the key audit matter
1	As on 31st March 2026, the Company carries inventories amounting to INR 3,774.48 lakhs. Finished goods inventory are valued at lower of cost and net realizable value (estimated selling price less estimated cost to sell). Considering the complexities and the manual process involved in determining inventory valuation and the cost of materials consumed which also involves significant management judgement; inventory valuation has been considered as a key audit matter.	Our audit procedures included the following: • Verified the basis applied by the company in conversion of raw material(eggs) into finished goods (Egg Powder/Liquid) – yield formula for all the key products and ensured the same is in line with the industry standards. • Evaluated the design of internal controls relating to the valuation of various categories of products and also tested the operating effectiveness of the aforesaid controls. • Verified the publicly available market information and also the existing orders as at year end, to arrive at the Net Realizable Value (NRV) for the products and the same was compared with the cost of finished goods to ensure the finished goods are valued at Cost or NRV whichever is lower.

Other Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in the paragraph (h)(vi) below on reporting under Rule 11(g).

- (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to financial statements;
- (g) With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act, in our opinion, according to the information and explanation given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act;
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the pending litigations in note no. 38 to the financial statements. There are certain litigations relating to employee disputes arising in the ordinary course of business. Based on the management’s assessment and the inputs received from the legal counsel, these matters are not expected to have any material financial impact on the Company’s financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 46 to the financial statement, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company, or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of it's knowledge and belief, as disclosed in the note 46 to the financial statement, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.

- v. The Company has neither declared nor paid any dividend during the year.
- vi. Based on our examination which includes test checks, except for the instances mentioned below, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Further, except for the instances mentioned below, Audit trail has been preserved by the Company as per the statutory requirements for record retention in accordance with the requirements of Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, as amended.

As stated in note 49 of the accompanying financial statements, the Company uses a software, Saral Pay Pack, for maintaining payroll records which has no audit trail (edit log) feature.

Annexure A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) a) (A) According to the information and explanations given to us, and audit procedures performed by us, the Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) According to the information and explanations given to us and audit procedures performed by us, the Company has maintained proper records showing full particulars of intangible assets.
- b) The Company has a program of physical verification of Property, Plant and Equipment to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c) According to information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of all of the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee) disclosed in the financial statements are held in the name of the Company.
- d) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year.
- e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) a) The inventory, except goods-in-transit, has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. According to information and explanations given to us and audit procedures performed by us, no discrepancies were noticed on verification between the physical stocks and book records that were more than 10% in the aggregate of each class of inventory.
- b) The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. According to information and explanations given to us and on the basis of our examination of the records of the Company, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company, except as follows:

Annexure B to the Independent Auditors' Report

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the Financial Statements of Ovobel Foods Limited (the "Company") as at March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to the Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Financial Statements included obtaining an understanding of internal financial controls with reference to the Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the Financial Statements.

Meaning of Internal Financial Controls with reference to the Financial Statements

A Company's internal financial control with reference to the Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to the Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Financial Statements to future periods are subject to the risk that the internal financial control with reference to the Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has maintained, in all material respects, an adequate internal financial controls system with reference to the Financial Statements and such internal financial controls with reference to the Financial Statements were operating effectively as at March 31, 2026, based on the internal control with reference to the Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Ovobel Foods Limited

Notes to the financial statements for the year ended March 31, 2026

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1.1 Corporate Information

Ovobel Foods Limited (the Company) (CIN: L85110KA1993PLC013875) is a public limited company, incorporated and domiciled in India and has its registered office at No.319/1 – 329, Golden Point, 2nd Floor, off Queens Road Cross, Behind Jain Hospital, Vasanth Nagar, Bengaluru. The Company has its primary listing on the Bombay Stock Exchange. The Company is engaged in the business of manufacturing and distribution of Eggs powders & other egg related products. The Company sells its products in India as well as in various other global markets.

The financial statements are approved for issue by Company's Board of Directors on May 27, 2026.

1.2. Material Accounting Policies

1.2.1 Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

1.2.2 Basis of preparation of financial statements

The financial statements have been prepared in accordance with (Ind AS) under the historical cost convention on accrual basis, except for certain financial instruments that are measured at fair value at the end of each reporting period, the provisions of Companies Act, 2013 ("the Act") (to extent notified) and guidelines issued by Securities Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The operating cycle in the normal course has been identified to have a duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS – 1 "Presentation of Financial Statements" and Schedule – III to the Companies Act, 2013.

The Balance sheet, the Statement of Profit and Loss and the statements of Changes in Equity are prepared in the format prescribed in Schedule III to the Act. The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the Ind AS.

The financial statements are presented in Indian Rupees (In Lakhs) and all values are rounded off to two decimals except as otherwise stated.

1.2.3 Use of Estimates & Judgements

The preparation of financial statements in conformity with Ind AS requires management to make estimates and assumptions that affect the applications of accounting policies and the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Appropriate change in estimates are made as management become aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognised in the year in which the estimates are revised, and, if material, their effects are as disclosed in the notes to the financial statements.

Application of accounting policies that require critical accounting estimates involving judgements and the use of assumptions in the financial statements have been disclosed below:

- a) **Inventories:** Significant estimates and judgements are involved in determining the allocation of cost to each product and in determining the net realisable value (NRV) for each category of product.
- b) **Defined Benefit Obligations:** The cost of the defined benefit plan and the present value of the obligation are determined using actuarial valuation. An actuarial valuation involves various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, expected return, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- c) **Income Taxes:** The Company has only one tax jurisdiction in India. The Company applies significant judgment in identifying uncertainties over income tax treatments. Uncertain tax positions are reflected in the overall measurement of the Company's tax expense and are based on the most likely amount or expected value that is to be disallowed by the taxing authorities whichever better predict the resolution of uncertainty. Uncertain tax balances are monitored and updated as and when new information becomes available, typically upon examination or action by the taxing authorities or through statute expiration.
- d) **Expected Credit Loss (ECL):** The measurement of expected credit loss reflects a probability-weighted outcome, the time value of money and the best available forward-looking information. The correlation between historical observed default rates, forecast economic conditions and expected credit loss is a significant estimate. The amount of expected credit loss is sensitive to changes in circumstances and forecasted economic conditions. The Company's historical credit loss experience and forecast of economic conditions may not be representative of the actual default in the future.
- e) **Property, plant and equipment & Other intangible assets**
Useful life of property, plant and equipments and other intangible assets (note 1.2.4)
- f) **Deferred Tax Assets:**
A DTA is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. Accordingly, the Company reviews its judgement to reassess the carrying amount of DTA at the end of each reporting period

1.2.4 Property, plant and equipment

Property, plant and equipment except land are carried at cost, less accumulated depreciation and impairment, if any. Cost directly attributable to acquisition are capitalised and bringing the asset to its working condition capable of operating in the manner as intended by the management. The charge in respect of periodic depreciation is derived at after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company depreciates property, plant and equipment over their estimated useful lives using the written down value method.

The estimated useful lives of assets are as follows:

Asset Class	Useful Life
Factory Buildings	30
Office Equipments	5
Furniture and fixtures	10
Plant & Machinery - Continuous process plant	8
Plant & Machinery - Electrical Installations and genral laboratory equipment's	10
Plant & Machinery - Others (Material handling pipelines and weilding equipments)	12
Plant & Machinery - Others equipments	15
Plant & Machinery - Vessels / storage tanks and drying equipments / centrifuges	20
Plant & Machinery - Transmission linnes, cables & other network assets	40
Computer & Data processing units	3
Motor vehicles	8
Electrical Fittings	10

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset.

1.2.5 Leases

The lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset; (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Company determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Ovobel Foods Limited**Notes to the financial statements for the year ended March 31, 2026**

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1.2.6 Financial Instruments**(i) Initial Recognition**

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

(ii) Subsequent Measurement**Financial assets carried at amortised cost:**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income:

A financial asset is subsequently measured at fair value through other comprehensive income (FVOCI) if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments and investments in Mutual Funds to present the subsequent changes in fair value in other comprehensive income based on business model.

Fair value through profit or loss:

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iii) Financial Liabilities

Financial liabilities are carried at amortized cost using the effective interest method.

iv) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers qualifies for derecognition under Ind AS 109. A financial liability(or a part of financial liability) is derecognised from the company's balance sheet when the obligation specified in the contract is discharged cancelled or expires

v) Fair Value of financial Instruments

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

1.2.7 Impairment of financial assets

The Company recognises loss allowances using expected credit loss (ECL) model for the financial assets which are not at fair value through profit and loss. Loss allowance for trade receivables with no significant financial component is measured at amount equal to Lifetime ECL. For all the other financial assets expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been significant increase in credit risk from the initial recognition in case those are measured at lifetime ECL.

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considers current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates.

The amount of ECLs(reversal) that is required to adjust the loss allowance at the reporting date to the amount that is recognised as an impairment loss or gain in statement of profit and loss.

1.2.8 Inventories

Inventories are valued at the lower of cost and net realisable value Inventories consist of raw materials, stores and spares, work-in-progress and finished goods. Cost includes expenditures incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition.

The cost of all categories of inventories is as follows:

Raw materials, stores and spares are valued at cost including all the cost incurred in bringing the inventory to present location and condition and the same is determined on First-In-First-out basis. Materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Work in progress and finished goods are valued at cost including direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined based on standard input output ratio in their industry which is based on certain scientific parameters.

Net realisable value (NRV) is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Ovobel Foods Limited**Notes to the financial statements for the year ended March 31, 2026**

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1.2.9 Revenue Recognition**Sale of goods**

The Company derives revenue primarily from sale of processed egg powders and frozen egg products.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing by the parties, by the parties, to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue from the sale of the goods is recognised when delivery has taken place and control of the goods has been transferred to the customer according to the specific delivery term that have been agreed with the customer and when there are no longer any unfulfilled obligations. When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

Revenue is measured after deduction of any discounts, price concessions, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax, etc. The Company accrues for such discounts, price concessions and rebates based on historical experience and specific contractual terms with the customer.

No element of financing is deemed present as the sales are made with credit terms largely ranging between 30 days and 120 days depending on the specific terms agreed with customers.

The company recognizes the revenue at the point in time when the performance obligation is satisfied.

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Dividend income is recognised when right to receive is established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Export Benefits

Export entitlements in the form of Remission of Duties and Taxes on Exported Products (RoDTEP) are recognized in the statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

1.2.10 Accounting of Government Grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Income from export incentives are recognised in the statement of profit and loss when the right to receive credit as per the terms of the entitlement is established in respect of exports made and disclosed as other operating revenues.

Income from government incentives (other than export incentive) are recognised in the statement of profit and loss when the right to receive credit as per the terms of the entitlement and disclosed as a reduction to the related expenses.

1.2.11 Taxation

Tax expense comprises current income tax and deferred income tax and includes any adjustments related to past periods in current and / or deferred tax adjustments that may become necessary due to certain developments or reviews during the relevant period.

Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity or other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The Company offsets current tax assets and current tax liabilities; deferred tax assets and deferred tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

1.2.12 Cash & Cash Equivalents

Cash and cash equivalents in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Ovobel Foods Limited**Notes to the financial statements for the year ended March 31, 2026**

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1.3 Non Material Accounting Policy**1.3.1 Intangible assets**

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of computer software is 10 years. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

Intangible assets are derecognised when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the carrying amount of the asset (net of disposal proceeds, if applicable) and recognised in the Statement of Profit and Loss when the asset is derecognised.

1.3.2 Impairment of non financial assets

A cash-generating unit (CGU) is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

The Company's non-financial assets, other than inventories and deferred tax assets, are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (ie the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs

If such assets are considered to be impaired, the impairment to be recognised in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the standalone statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount.

The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

1.3.3 Foreign currency transactions and balances**Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the company operates (the functional currency). The financial statements are presented in Indian rupee (Rs), which is functional and presentation currency of the Company.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in statement of profit and loss.

1.3.4 Borrowing costs

Borrowing costs include interest expense calculated using the effective interest method.

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

1.3.5 Contingent Liabilities and Provisions**Contingent Liabilities**

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Ovobel Foods Limited**Notes to the financial statements for the year ended March 31, 2026**

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

1.3.6 Employee Benefits**Compensated Absence**

Company's obligation towards employees for earned leave and other vested leave entitlements accrued up to the reporting date. The liability is recognised in accordance with applicable accounting principles based on the estimated cost of unutilised leave balances that are expected to be encashed or availed in future periods. The provision is determined using the year-end salary rates and the accumulated leave balances of employees as at the reporting date

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current financial liabilities in the balance sheet.

Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans - gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity: Defined benefits obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an independent actuary using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have term approximating the term of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Such accumulated re-measurement balances are never reclassified into the statement of profit and loss subsequently.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service costs.

Defined contribution plan

Retirement benefit in the form of provident fund scheme are the defined contribution plans. The Company has no obligation, other than the contribution payable. The Company recognizes contribution payable to these schemes as an expenditure, when an employee renders the related service.

1.3.7 Earnings Per Share

Basic earnings per share amounts are computed by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.3.8 Segment reporting**Identification of segments**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's chief operating decision maker to make decisions about resources to be allocated to these segment and assess its performance, and for which discrete financial information is available. Operating segments of the Company are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Company's operating businesses are organized and managed on a single segment considering the entire manufacturing and distribution of eggs powders & other egg related products as one single operating segment.

The analysis of geographical segments is based on the location in which the customers are situated.

1.3.9 Cash Flow Statements

Cash flows are reported using the indirect method, whereby net profit/(loss) before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

1.3.10 Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or noncurrent and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has no impact of these amendments in the financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. The Company has no impact of these amendments in the financial statements.

34. Disclosure under IND AS 19 on Employee benefits

a) Defined contribution plan

The Company has defined contribution plan. Contributions are made to the Provident fund for employees at the specified rate of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

Particulars	For the year ended March 31, 2026	For the year ended March 31, 2025
-Employer contribution to Provident fund, including admin charges	29.49	26.31
-Employer contribution to Employee state insurance scheme	0.18	0.28
-Employer contribution to Labour welfare fund	0.13	0.05
Total	29.80	26.64

b) Defined benefit plans

In accordance with the Payment of Gratuity Act, 1972 applicable for the Indian Companies, the company provides for a lumpsum payment to eligible employees at the termination or retirement of employment based on last drawn salary and years of employment with the company. The Gratuity fund is managed by third party fund managers. The Company sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by a separate Fund that is legally separated from the entity. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the Fund.

Liabilities with respect to these defined benefit plan are determined by actuarial valuation, performed by external actuary, at each Balance Sheet using projected unit credit method.

These defined benefit plan exposes the company to actuarial risks such as liquidity risks, interest rate risk, demographic risk, regulatory risk and salary escalation risk.

Liquidity Risks

This is the risk that the Company is not able to meet the short term gratuity payouts. This may arise due to non availability of enough cash/cashequivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Interest Risk

The plan exposes the Company to the risk of all in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Demographic Risks

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risks

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of INR 20.00 lakhs).

Salary escalation Risk

The present value of the defined plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have bearing on the plan's liability.

The following table summarises the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the Balance Sheet for gratuity benefit.

B. Fair value hierarchy

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

a. Level 1 - Quoted prices (unadjusted) in an active market for identical assets or liabilities that the Company can assess at the measurement date

b. Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly

c. Level 3 - Unobservable inputs for the assets or liabilities.

Fair value measurements that use inputs of different hierarchy levels are categorized in its entirety in the same level of the fair value hierarchy as the lowest level input

The management assessed that cash and cash equivalent, trade receivables, trade payables, other financial assets-others (current), other financial liability (current), lease liabilities (current) approximates their fair value largely due to short-term maturities of these instruments

The fair value of remaining financial instruments are determined on transaction date based on discounted cash flows calculated using lending/ borrowing rate. Subsequently, these are carried at amortized cost. There is no significant change in fair value of such liabilities and assets.

The following table presents the fair value measurement

Quantitative disclosures fair value measurement hierarchy for financial assets as at March 31, 2026:

41. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company to support its operations. The Company's principal financial assets include investments, cash and cash equivalents and security deposits that derive directly from its operations.

The Company's activities exposes it to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company's policies and risk objectives. The Company reviews and agrees on policies for managing each of these risks which are summarised below:

(a) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include investments, loans and borrowings, debt instrument, trade receivables, trade payables and lease liabilities.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates.

Exposure to interest rate risk

The exposure of the Company's borrowing to interest rate changes at the end of the year are as follows:

Particulars	As at March 31, 2026	As at March 31, 2025
Fixed Interest Rate		
Financial Liabilities	356.79	293.57
Variable Interest Rate		
Financial Liabilities	2,463.72	2,396.71
Total	2,820.51	2,690.28

Interest rate sensitivity:**Sensitivity analysis for fixed-rate instruments**

There is no impact on the profit or loss on account of fixed rate instruments.

Cash flow sensitivity analysis for variable-rate instruments

The sensitivity analysis below have been determined based on exposure to interest rate. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the year was outstanding for the whole year. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Currency	Effect on profit before tax	
		As at March 31, 2026	As at March 31, 2025
Increase in 100 basis points	INR	24.64	23.97
Decrease in 100 basis points	INR	(24.64)	(23.97)

(ii) Foreign currency risk

The Company is exposed to currency risk on certain transactions that are denominated in a currency other than the company's functional currency, hence exposures to exchange rate fluctuations arise. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates.

Foreign currency (FC) risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. The information on derivative instruments is as follows.

Particulars	Currency Hedged	As at March 31, 2026		As at March 31, 2025	
		Amount in FC Lakhs	Amount in INR Lakhs	Amount in FC Lakhs	Amount in INR Lakhs

Trade Payables			
Increase in 5%	USD	1.58	(0.71)
Decrease in 5%	USD	(1.58)	0.71

(b) Credit risk

Credit risk arises from credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value such financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company monitors the exposure to credit risk on an ongoing basis through ageing analysis and historical collection experience. Outstanding customer receivables are regularly monitored by the senior management.

Accordingly the Company considers the credit risk as low.

The maximum credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet :

Particulars	As at March 31, 2026	As at March 31, 2025
Trade receivables (refer note (i) below)	1,510.55	1,086.92
Other financial assets (refer note (ii) below)	2,544.10	3,238.04

i) Trade receivables

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of trade receivable. The Company creates allowance for all trade receivables based on lifetime expected credit loss model (ECL), as applicable. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company has ECGC (Export Credit Guarantee Corporation) cover which provides protection against risk in relation to export debtors.

Ovobel Foods Limited**Notes to the financial statements for the year ended March 31, 2026**

(All amounts in Indian Rupees Lakhs, except as otherwise stated)

The following table summarises the change in the loss allowance measured using ECL

Opening Balance	-	8.61
Allowance made during the year (net)	-	-
Reversal/write off during the year	-	(8.61)
Closing Balance	-	-

(ii) Other financial assets

Other financial assets includes security deposits, interest accrued on deposits with banks. Cash and cash equivalents and interest receivable are placed with a reputable financial institution with high credit ratings and no history of default.

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's financing activities are managed centrally by maintaining an adequate level of cash and cash equivalents to finance the Company's operations. Typically the Company ensures that it has sufficient cash on demand to meet expected short term operational expenses. The Company manages its surplus funds centrally by placing them with reputable financial institution with high credit rating and no history of default.

The table below summarises the maturity profile of the financial liabilities based on contractual undiscounted payments:

42. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maintain strong credit rating and healthy capital ratios in order to support its business and maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the net debt equivalent to net worth. Hence, there will not be any effective capital gearing. The Company includes within net debt, interest bearing borrowings, trade and other payables, other financial liabilities, lease liabilities less cash and cash equivalents, Bank balances other than cash and cash equivalents and fixed deposits.

Further, no Independent Director shall hold office for more than two consecutive terms. However, they shall be eligible for re-appointment after the expiration of cooling period of three years of ceasing to become an Independent Director;
- The Independent Directors shall be responsible for complying with the duties as specified under section 166 of the Companies Act, 2013. Further, their liabilities shall also be limited to the respective provisions of the Companies Act, 2013 and rules made there under;
- Independent Directors shall be expected to ensure compliance with the Code of Conduct as laid down by the Company;
- Independent Directors shall be paid sitting fees subject to the provisions of the Companies Act, 2013 and rules made there under as well as the terms of this policy.

Remuneration

The committee shall:

- meet at least once in a year.
- ensure that the quorum of either two members or one third of the members of the committee, whichever is greater, including at least one independent director is present.
- ensure that the compensation to the Board, KMP and other senior management employees is reasonable and sufficient to attract, retain and motivate quality directors and KMPs;
- approve any significant changes in the executive director's contract;

- determine payment of sitting fees for directors for attending meetings of the Board;
- ensure that there is balance between fixed pay and incentive based pay (if any) in the remuneration to be paid to the Directors, KMPs and other senior management employees.

Director Remuneration

The Company may pay remuneration by way of salary, perquisites and allowances (fixed component) and commission (variable component) to Managing and Whole-time Directors. Salary shall be paid within the range approved by the Shareholders. Commission, if any, shall be calculated with reference to net profits of the Company in a particular financial year and shall be determined by the Board of Directors at the end of the financial year based on the recommendations of the Nomination and Remuneration Committee, subject to overall ceilings stipulated in Sections 197 read with Schedule V of the Companies Act, 2013.

Non-executive Director Remuneration

The non-executive directors shall be paid sitting fees for attending meetings of the Board based on the limits prescribed under the Companies Act, 2013 and as approved by the Board of Directors.

Senior Management Remuneration

The salary of other senior management employees shall be competitive and based on the individual's qualification, experience, responsibilities and performance and shall be governed by the HR policy of the Company.

Determining criteria for performance evaluation of the Board and Individual Directors

The Board shall evaluate its own performance based on the following criteria:

- Composition of the Board in compliance with the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ;
- Frequency of meetings held during the year and matters taken up thereat;
- Ability of the Board to take uniform decisions for the betterment of the Company taking into consideration the individual views of all the Directors comprising it;
- Its wisdom and judgement to help the Company prosper;
- Ability of the Board to evaluate risk and devise suitable measures to mitigate them etc.

The Board shall evaluate the performance of individual directors (including independent directors) based on the following criteria:

- Attendance of the individual directors and level of participation at the meetings of the Board and committees thereof and the general meetings;
- Contribution in long term strategic planning;
- Professional conduct and independence;
- Level of commitment etc.

The above list is illustrative.

Such performance evaluation of Directors (including independent directors) shall be done by the entire Board of Directors (excluding the director being evaluated).

In case of Independent Director, the Board shall determine whether to extend or continue the term of appointment of the Independent Director on the basis of the report of performance evaluation carried by the Board.

In addition to the above, the Board shall also evaluate the performance of various Board level Committees.
